Mt. Grena History

Sid gave a brief review of Mt. Grena – South Londonderry. He passed around different ammunitions that had been found and shared interesting facts, such as:

- Mt. Grena was not listed on maps prior to 1882
- Conewago Hotel was built in 1909, but torn down in 1940

Sid closed the review by offering, in the near future, to lead a tour of Mt. Grena to show the Commission Members where the Conewago Hotel was and he made us aware that the Mt. Grena Historical Society would like to work with the Campbelltown Historical Commission.
