

South Londonderry Township

Curbside Leaf Collection Policy

Service Overview: Curbside leaf collection services are available to all residents, and participation does not require an appointment or additional fees. Residents are asked to follow the guidelines below to ensure a smooth collection process. This policy is subject to change.

Collection:

- Residents should have their yard waste prepared and placed curbside by 7:00 a.m. on the first day of their designated collection week.
- In the event that a collection day falls on a holiday, crews will operate on the following day.
- See Map for collection schedule.

Weather and Delays:

- If adverse weather conditions or time constraints prevent the completion of routes, crews will resume collections on the next available day.
- In the case of snow or icy conditions, please use your best judgment when placing items out for collection. Crews will not collect items that are covered by snow or ice.

Preparation Guidelines:

- **Placement:** Please place your leaves in long, narrow piles along the curb-line. The piles should be 3-4 feet wide.
- If your property lacks a curb, place the leaves as close to the roadway as possible, ensuring they do not obstruct traffic.
- **Space Considerations:** Ensure leaves are kept at least 15 feet from parked cars, intersections, and basketball nets to allow for proper equipment operation and safety.

Drainage and Maintenance:

- Keep the area around catch basins clear of leaves to allow rainwater to flow freely and reduce the risk of localized flooding.
- Regularly remove any leaves that have migrated into the roadway to avoid blockages or flooding.

What NOT to Include:

- Please remove sticks, branches, limbs, cornstalks, pinecones, nuts, ornamental grasses, and other debris from your leaves, as these items can damage collection equipment.

- Tarps used for transporting leaves should be removed by 7:00 a.m. on the first day of the collection week. Leaves on tarps or covered by tarps will not be collected.
